1. Life out of death— dear Master, is it spok - en Of the life here, or in the bet-ter land?

D **A** **D** **G** **D** **A7** **D**

Nay, wherefore wait? The ves-sel marred and brok - en Shall now be moulded by the Pot - ter's hand.

2. Life out of death—oh, wondrous resurrection!
Seed sown in conscious weakness, raised in power;
Thy life lived out in days of toil and friction,
"Not I, but Christ" in me from hour to hour.

3. Life out of death—a pilgrim path and lonely,
Trodden by those who glory in the Cross.
They live in fellowship with "Jesus only,"
And for His sake count earthly gain but loss.

4. Life out of death—blest mission to be ever
Bearing the living water brimming o'er.
With life abundant from the clear, pure river,
Telling that thirsty souls need thirst no more.
