2. Our flesh for building is no good;
God's house must have acacia wood!
Christ's human life is balanced and fine,
And it's adorned with gold divine.
We want to stand as boards so strong,
Held by the bars where we belong;
To be the church for which You long—
One full-grown man!

3. Satan's one aim: to ruin man,
Man, who's the center of God's plan!
But man will rule the earth utterly,
Conquering every enemy.
Each time we turn and eat this man
We put an end to Satan's plan.
Jesus through His humanity
Has conquered all!
