2. I have come to You. I am thirsty; let me drink!
All the riches of this life
Flood in me, with joy I cry,
"I am no longer dry!"

You have come to us!
Now we come to drink!
We are filled with Christ
Drinking at the Fount of life am I!

3. Though I fail each day, I return to You and pray,
Asking Lord, "Unveil my face.
Keep me always in Your grace.
I drown without You Lord!"

Though I fail each day,
I return and pray.
And I'm drawn to say
Lord make home in all my heart and stay!

4. There is a river flowing from the throne
Reaching man in every place.
All our problems are erased.
We love You Jesus Lord!

God flows in me
He will never leave.
I am now set free!
I am satisfied eternally!
