miles from Ninety- three mil- lion miles from the sun!

2. The awesome earth is tilted twenty-three—  
For winter and summer—variety!  
The awesome earth is tilted twenty-three—  
Yes, it's tilted twenty-three degrees.

3. We're circling the sun consistently;  
Three hundred sixty-five days—reliably!  
We're circling the sun consistently;  
Going sixty-seven thousand miles an hour.

4. God made the earth's orbit—just right!  
It's scientific—accurate—precise!  
God made the earth's orbit—just right!  
Now isn't it a beautiful sight?
