- 2. From everlasting Thou art God, All time and space Thou dost transcend! The fulness of eternity, Without beginning, without end!
- 3. Th' eternal source of all Thou art, Before the heavens were decreed! Thou art the first of all the first, And e'en the foremost dost precede!
- 4. Thou art the life that ever lasts, From age to age Thou endest not! More lasting than all that which lasts, Beyond the ultimate Thou art!
- 5. Thou art the Alpha as the first, Omega, as the last Thou art! From start to end Thou hast no lack, Complete and perfect, wanting not!
- 6. We praise Thee for Thine endless years, Extol Thee for Thy boundlessness! We praise Thee for Thy fulness vast, Extol Thee for Thy Perfectness!
