2. Now I'd pray in spirit
As Thy Spirit groans;
Pray by the anointing,
Not as memory owns.
Not the mind applying
But with spirit pray,
Praising or beseeching
Spirit-led always.

3. Not just by myself my
Spirit exercise,
But with' others praying
I would do likewise;
Praying in the spirit,
As the spirit wants,
For 'tis in the inmost
Spirits have response.

4. When we serve together,
We thru prayer would move,
Fellowship in spirit,
Not in word to prove.
Never pray together,
Shouting, crying much,
Yet the fellowship in
Spirit never touch.

5. Exercise the spirit
Here and everywhere,
Few or many present,
Caring not who's there.
Not a place or person
Will influence me,
In all kinds of meetings
I'll my spirit free.

6. Thus my spirit lifted
Gives the Lord His way;
Thus, my spirit strengthened,
I'll be used each day.
In the spirit's flowing
Living water see;
Thus the saints are mingled,
Built the church will be.
