 To us who are His members true;
 His fulness is what we become
 As body doth to man accrue.
- 3. Riches of Christ are typified By Canaan's produce rich and sweet, With which the temple great was built, The Church's greatest type replete.
- 4. As Eve to Adam fulness was, So is the Church to Christ her Head; As Eve from Adam's being came, The Church by Christ's own life is bred.
- 5. Christ's riches are Himself within, His fulness is the Church without, As His expression, full of Him; The Church with Christ is built throughout.
