1. In the church the sound of life upon our ear is falling, Then we see the joy of Christ expressed on every hand;

land. (C) We're churching in the Spirit On the church's local ground; We're churching with our brothers, Our family we have

found. Oh, yes, we're churching with the churches, And we'll make the earth resound With hallelujahs for Christ our land!

2. Far away our background seems with all its gifts and teaching,
Farther still, the worldly things with all their foul demand;
As the love of Jesus Christ our inmost heart is reaching,
Not a thing can move us from Christ our land.

4. Now the Lord's recovery is everywhere proceeding,
All the churches join in one to give the Lord command:
"Speed the day when all the earth will echo with pray-reading
And with hallelujahs for Christ our land."

3. "I will build My church upon this rock," said the Lord Jesus,
And we see the building of His purpose and His plan;
Setting members in the Body as Himself it pleases,
Building us together in Christ our land.
