2. God's living water flows freely;
East for God's glory it flows;
This is of utmost importance:
All on the altar must go!

3. God's living water is boundless;
Everything's measured by God.
All things become His possession,
Judged by His measuring rod.

4. God's living water, o'erflowing,
Swells to a great rushing tide,
Flowing till man can do nothing
But in God's grace must abide.
