Chorus

2. Now the burning holy fire
All ungodliness consumes;
Fire becomes the holy light,
All directions bright illumines.
All God's move is in this light;
All God's move is in their sight.

3. Walking in obedience,
'Neath a bright and crystal sky,
Conscience pure, with no offense,
One voice raised, we testify.
Silent list'ning, ringing shout—
Thus God's move is carried out.

4. Here alone's God's dwelling place;
Here alone His throne can be;
Here His glory all does grace,
With His full authority.
'Round the Man enthroned is light
In the Holy City bright.
