This the fra - grance of Our love of - - fer - ing.

2. We must preach both:
The Lord Jesus loving us.
And we like Mary,
Loving Him to the uttermost.

One is salvation,
The other consecration.
Lord, we pour out
All our love offering.

3. As we pour upon Him,
This is not just a waste
But a fragrant testimony
Of the sweetness of the Lord.

The Lord loving us
And we loving Him:
This the fragrance
Of our love offering.

4. Throughout the past centuries,
Tens of thousands of precious lives,
Heart treasures, golden futures
Have been wasted upon the Lord.

To such lovers,
He's altogether lovely
And ultimately worthy
Of their costly ointment.

5. We must love the Lord,
And grasp the opportunity.
Yes, love Him to the uttermost:
A fragrance sweet to God and man.

The Lord loving us
And we loving Him:
This the fragrance
Of our love offering.

6. Lord Jesus, we just love You.
Our life and all we pour on You.
We waste ourselves upon You.
In this universe we just love You.

We can't help but love You,
You're the greatest value.
Our love is just an issue
Of our seeing of You.
