

I believe, so I speak

Experience of Christ — The Power of His Resurrection

(Guitar)

1. So many times I was in weak - ness; I re-al-ize that was my blind - ness.
I'm be - ginning to see All that the Tri - une God is to me.
Wasting my time looking at my poor - ness; Now my heart's eyes can behold His great-ness.
I'm en - lightened to see All of the Tri - une God is to me.

Chorus
(C) I be - lieve, so I speak. I am strong, I have power.
I be - lieve, Oh Lord, A - men! I am strong, I have power.

2. All of God's power for His creation,
And all His might in incarnation,
Strength to be crucified
Which by the power of God was supplied.
And His great power in resurrection,
He wrought in Christ, even ascension!
All things He has subdued
Under His feet, by power overruled.

3. Now in the church, in God's transmission,
All that He is, to His destination,
Here constantly receive.
He is dispensed to us who believe.
The Triune God is now transmitting
Himself, this power, us energizing,
In us He is installed;
This dynamo within, the Triune God!
