- (C) By Your life, Lord, I am reigning. I am over, over ev-erything. As I'm joyfully confessing, Jesus, as my Lord and King.
  - Sin, you helpless little fellow,
    Lost your pow'r on Calvary.
    I have made exchange of masters,
    Now it's Christ who rules in me.
  - 3. World, with all your little trappings, You oppress with doubts and cares. I have found a new provider, My anxiety He bears.
  - 4. Self, you cruel manipulator, You are wholly crucified, I have no more need to struggle, In Christ's vict'ry I abide!
  - 5. Lord, when You return in glory, When You then the kingdom bring; By Your life my Lord then make me Manifested as a king.
