2. Let Your north wind blow on me,
 Let Your Spirit surround me
 'Til my being is open,
 Trusting You once again.
 Then burn and consume me
 With Your jealous God's fire
 'Til my being is obedient,
 'Til my soul You have gained.

3. I will turn my heart to You;
 Seal and pledge Yourself in me.
 Mingle with me completely
 Like the fire in the flame;
 Til my being is glowing;
 Your workmanship showing;
 I will turn my heart to You
 Again and again.
