Chorus

2. Heav'n and earth shall have one living: God and man in organic union live,
 Resurrection power supplying, Conformed to Christ's death, no longer I live!
 Take His model, tread His footsteps, Go out the camp to live within the veil,
 Walk with God, obey His headship, New man un'versal, God's kingdom to bring.
3. As the members of one Body, Built up in love, support in spirit each,
 Christ dispensing, Spirit minist'ring, Blending until we're all made one in Him.
 Give our whole being, one soul to be, Vital groups forming, build up Body His,
 Gospelize and truthize widely, Shepherd as God, New Revival to reach.
4. Zion Highways, Our heart's longing, Though pass through Baca valley yet not cease,
 All loss count we, Refuse, rubbish; Care for God's interests, vision ever heed.
 My Lord shall be no more delayed, Be overcomers, pave the way for Him!
 Conquering all foes, reigning with Him, How splendid, beauteous, Zion the High Peak!
