

# With the kisses of Your mouth

Experience of Christ—Loving Him

1. With the kisses of Your mouth, Have You kissed me, Lord. From Your kisses flows a fountain, From a depth un - known.

Gently tempered by Your touching Of my deepest chords, My heart's renewed with gladness, And my love o'er - flows.

2. Let me kiss You, drink You deeper, Fully sat-is - fy All the longings deep within me, For Your presence nigh,

And a deeper, sweeter u - nion, Of Your life with mine That our natures fully mingled, Would our hearts en - twine.

3. Ever increase, Lord, within me, My desire for You. Let Your kisses ever kiss me, And that I'd kiss You.

Dear Lord Jesus, may I ev - er be, So betrothed to You. May I love You, always love You, And respond to You.

May I love You, al - ways love You, And re - spond to You.
