2. We're walking in newness of life
And singing a joyful new song;
In newness of spirit we serve,
This new one accord makes us strong.
We're drinking the new life divine,
Oh, how this new wine our heart cheers!
The new man will walk this new way
Until the new city appears.

3. New man, new creation, new way,
New vision, new spirit, new light,
New year, and new month, and new day,
New mind, and new heart, and new sight,
New garment, new wineskin, new wine,
New blessings, and new covenant,
New mercies, and new life divine,
And completed New Testament!
