The 1. world is long-ing, seek - ing for peace, Yet wars and ru-mors of wars still in-crease.
 There is no way for men to end all this fear, All this pain, all this hate, all these tears, Yet Jesus is here!

2. We are dwelling in the love of the Lord,
 He our unity has now restored.
 Brothers, sisters in one family,
 As the Father and the Son, always one,
 So are we!

3. How good and pleasant it can be
 When brothers dwell in unity;
 Like sweet anointing and the mountain dew;
 Life eternal for me and for you—
 All things are new!
