2. Though God in nature cannot change,  
 He passed through womb and cross;  
 The Lamb of God has been prepared,  
 Yet, nothing has been lost.  
 The Spirit is the compound God;  
 The One that was "not yet";  
 The seven Spirits, seven eyes,  
 Today are "The Spirit".

3. The processed God, the flowing God,  
 Is the eternal source;  
 Emerging in a bubbling spring,  
 An overflowing course.  
 The Father's love, a fountain is;  
 The Son, as grace, the spring;  
 The fellowship Spirit flows  
 Out from our inmost being.

4. The Spirit is a holy realm,  
 Divine and mystical;  
 We enter in and live by Him,  
 He is so practical.  
 Sevenfold intensified,  
 The Spirit's final stage,  
 Will overcomers soon produce,  
 To consummate the age.
