2. Creation is the lovely platform
 Of this divine romance sublime
 Between a creature and Creator
 Upon the bridge of space and time;
 For this the heavens were stretched forth
 The earth's foundations laid
 Tripartite man, made to contain Him,
 Was with a spirit made.

4. Though man became usurped by Satan
 God gave His Son man's life to win;
 The Olive Tree was cut and wounded
 So sinners could be grafted in
 Transferred from Adam into Christ,
 Brought out of death into life;
 Forgiveness kissing man's repentance
 Hath sealed them Husband and wife.

6. Christ and the church a perfect match
 And universal loving pair
 The Spirit and the bride in union
 One mingled life and living share;
 The Husband is the processed God
 The man the transformed wife
 To be the New Jerusalem
 Living a marriage life.

3. God became man through incarnation
 Man's empty virtues to imbue,
 In Christ fulfilling His intention
 Creation old becoming new;
 God's attributes so bountiful
 In human virtues shown
 Uplifted, filled, enriched, and strengthened;
 Love, life, and light—made known.

5. God became man to make man God;
 The King became a countryman
 Through incarnation, human living
 The cross and resurrection's plan;
 A country girl to be His queen
 Presented as His bride,
 Fully redeemed, regenerated
 Transformed and glorified.
