

God's Intention is to Flow

Fulness of the Spirit — As the Living Water

(Guitar: Capo 3)

1. God's in - ten - tion is to flow Him - self in - to man.
 He sup - plies our ev - ery need. He is free, there's
 no de - mand. Just o - pen to the flow.
 Can you see God's plan? God Him - self in man!
 He is all we need! Oh Lord keep me
 o - pen un - to Thee!

2. I have come to You. I am thirsty; let me drink!
 All the riches of this life
 Flood in me, with joy I cry,
 "I am no longer dry!"

You have come to us!
 Now we come to drink!
 We are filled with Christ
 Drinking at the Fount of life am I!

3. Though I fail each day, I return to You and pray,
 Asking Lord, "Unveil my face.
 Keep me always in Your grace.
 I drown without You Lord!"

Though I fail each day,
 I return and pray.
 And I'm drawn to say
 Lord make home in all my heart and stay!

4. There is a river flowing from the throne
 Reaching man in every place.
 All our problems are erased.
 We love You Jesus Lord!

God flows in me
 He will never leave.
 I am now set free!
 I am satisfied eternally!
