Consecration — Serving the Lord

(Guitar)

1. O Lord, per - fect an - oth - er gen - er - a - tion Of min - is -
ters for Your re - cov - er - y; Etch in our hearts this des - p'rate as - pi -
ra - tion, In our fore - fa - thers' steps and min - is - try. Lord, heed the
cry from deep with - in our spir - it; All o'er the earth gain chan - nels of sup -
ply. Re - move the fear with - in us of the cost, Lord; That we'd un -
spar - ing - ly our soul life e'er de - ny.

2. Gain us, we pray, a little more each day, Lord;
May we likewise gain You, to be Your bride;
You're our first love; Your riches are our beauty;
Mature us soon, that no more veils divide.
Make us today's "one hundred twenty saints," Lord,
In upper room with God identified;
One with You as a corporate burnt offering
To turn this age, Lord, that Your heart be satisfied.
