Re - mind us where You are, Re - mind us where You are,  
You are all we need, You are all we need,  
The on - ly One that's real.

2. As we're living in this world today,  
Preserve our being, so it's fully occupied with You,  
Fleeing other things,  
Growing in life with those who call on the Lord.  
Day by day Through our repenting and confessing,  
Amen! Lord renew us.  
We don't want to remain the same.  
Lord, do spread into our mind, emotion, will.  
Make Your home in all our hearts.
