Chord symbols: G, G7, C, D, D7.

2. Our God's administration needs
Our fighting prayer to intercede.
We seek God's heart and stand in death,
Allowing Christ to be expressed.

Pass through the cross in prayer to God
Becoming precious to the Lord;
By life and light we're energized,
And weighty prayer is exercised.

3. At every time renewed and fresh,
In resurrection we possess
And claim ascension's heavenly sphere,
Position, nature, atmosphere.

Our prayers will judge and end this age
As we the Kingdom's warfare wage.
Such prayers are bowls with Christ therein,
Added to bring God's Kingdom in.

4. The Devil will be cast to earth
As overcomers come to birth,
Before the throne a loud voice heard,
"Rejoice, O heavens! Woe to earth!"

"For now is come salvation, power,
God's Kingdom 'stablished in this hour."
With Satan driven from the throne,
Authority of Christ's made known.

5. O Lord, our corporate prayer we raise
To overcome, to end this age.
Your Kingdom come, Your will be done
On earth in us, as at the throne.

Authority and reigning stand
For executing God's command;
'Tis ours to pray, God's burden own,
Till answers pour out from the throne.
