2. Concepts, opinions, and ambitions rife
Aren't in the Triune God.
Self-exaltation, worldliness, and strife
Aren't in the Triune God.
We need the Triune God,
We need the Triune God,
We need the Father, Son, and the Spirit,
We need the Triune God!

3. Genuine oneness comes by normal growth
Into the Triune God!
Exit the self, by consecration's oath,
Into the Triune God!
Into the Triune God,
Into the Triune God,
Into the Father, Son, and the Spirit,
Into the Triune God!

4. Drop the opinions! God's expression heed!
Be in the Triune God!
Deny the self! Take up the cross indeed!
Be in the Triune God!
Be in the Triune God,
Be in the Triune God,
Be in the Father, Son, and the Spirit,
Be in the Triune God!

5. Christ's death and resurrection paved the way
Into the Triune God!
Moment by moment, let us choose to stay,
Stay in the Triune God!
Stay in the Triune God!
Stay in the Triune God!
Stay in the Father, Son, and the Spirit!
Stay in the Triune God!

6. The Father's life and nature we express—
Here in the Triune God!
Within His glory, oneness we possess—
Here in the Triune God!
We're in the Triune God!
We're in the Triune God!
We're in the Father, Son, and the Spirit!
We're in the Triune God!
