

# The Vision of the Age

The Church — The Vision

1. The vi-sion that the Lord has giv'n To His re-cov-er-y,  
Is Christ the all-in-clusive One, And all-in-her-it-ing;  
The high peak vi-sion guides our way And gives us heav'n-ly sight,  
Pre-serv-ing us and keeping us In one-ness by His light.

**Chorus**  
(C) The vi-sion of the ag-es, An ex-tr'ord-i-nar-y scene, This glo-rious, in-ward  
see-ing Is for God's re-cov-er-y; From Ge-ne-sis to Rev-e-la-tion o-pen up our  
eyes To see the pur-pose, heart, and goal of God's e-con-o-my.

2. The govern'ng vision of the Word  
Is God Himself in Christ,  
To work Himself into our being,  
That He may be our life;  
Our one accord is carried out  
With one intent and way;  
To love the Lord and know His life  
In all we think and say.

3. The high peak of the vision is  
The "diamond in the box;"  
That God in Christ has made man God,  
But in the Godhead, not;  
Christ's Body is expressed when God  
And man in oneness meet;  
The New Jerusalem is built,  
The vision is complete!
