2. How God loves us! And in kind
We love our Lord—heart, soul, and mind!
Once on dross our love we poured;
Now, with the first love, love the Lord!
3. We the Lord's commandment take;
Love for His people ne'er forsake!
Thus the church will build be,
Christ's longed-for bride, eternally!
4. Though the earth is dark today,
Choose love, the most excelling way!
When God fills us, we embrace
Both good and bad, the human race!
