## 2. There is such a vision all should see:

'Tis the vision of Christ's one Body.

We all need to live in the reality  
and practicality.

Hallelujah Christ is now in us.

We should let Him live, be expressed thus.

For it's only He can live a life that is

Delight to God, a life full of life.

Unveil us Lord, cause us all to see such vision now

That we all may live and thus express Your Body now.

Oh, praise You Lord as the Spirit of reality,

Who is now in us to realize this one Body.
