

# Choices, Choices

## Principles on How to Be a Proper Human Being — General

(Guitar)

1. Choic-es, choic-es, We must all make choic-es— Big ones, small ones, Choic-es ev-ery day.  
Choic-es, choic-es, We must all make choic-es— Don't choose fool-ish-ly But choose God's way.

2. Choices, choices,  
We must all make choices.  
Don't be jealous  
Of what another has,  
Choices, choices,  
We must all make choices.  
Just be satisfied  
With what you have.
