

An uplifted gospel have we
Preaching of the Gospel — The High Gospel

1292

(Guitar: Capo 3)

1. An up - lift - ed gos - pel have we, One we're not a-shamed to pro -
claim. Our gos-pel's the high-est of all, For it is God's goal and God's
aim. No long-er so low - ly and poor, We've found that we're God's ho - ly
sons. No more will we preach as be - fore; Now each man on earth can be won.

2. Our Brother's inherited all
God made Him to rule His affairs
Appointed—this office He fills
And shares it with us, His joint-heirs.
Elected before earth was formed,
We've found that we are qualified
To share all His glory and worth.
How could men but for Christ decide?

3. Yes, we're holy brothers with Christ,
No higher could any man be.
This highest of all gospels is;
This gospel each human must see.
Partakers of this heavenly call,
Could any this gospel reject?
With Christ sitting far above all—
This highest of all gospels yet!
