| <p>2. Man was made, the first step God took To achieve His final goal, As a vessel, a container, Three parts—body, spirit, soul. God, of dust, a body formed him, Breath of life into him breathed— This part is man's human spirit By which God may be received.</p> | <p>5. In the flowing of the river Gold, pearl, onyx stone we see; Three materials, raw yet precious, For God's building meant to be. Look, these elements are shining' How can we, then, shine as they? Simply by the Lord, the Spirit, Us transforming every day.</p> | <p>8. Finally, in Revelation, Is the picture of Christ's Bride— Consummation of God's purpose; He is fully satisfied. New Jerusalem, a city, Is the Bridegroom's counterpart— So the church built up together Forms the Bride for Christ's own heart.</p> |
| <p>3. In the garden God had planted Every tree He made to grow, Good for food, to sight most pleasing, And the tree of life also! Second, then, in God's intention Was that man should freely eat Of the life-tree in the center To obtain His life complete.</p> | <p>6. God the Father (in this fourth step), Source of life, is gold divine; Christ the Son was wounded by us To produce the pearl so fine. God the Spirit brings the stones forth— Transformation of the clay. By the flowing of the Spirit Changed we'll be from day to day.</p> | <p>9. How can we, as those who truly Long to see God reach His goal, Be united and related? By denial of our soul! As we contact Christ in spirit, Feed on Him as life to us, Then His life will flow, transform us To His Bride, all glorious!</p> |
| <p>4. Third, we see a river flowing, Out of Eden coming forth, With its flow in four directions— East and west and south and north As on Christ our life we're feeding, Living water in us flows. Hallelujah for this river And the watering it bestows!</p> | <p>7. Insufficient are materials Precious though they be and best: These must be built up together That God's house they may express. Fifth step: We ourselves hand over To the building that we be Built into God's house, His dwelling. One in each locality.</p> | |
