

True love

Experience of Christ—Love for Him

(Guitar)

1. If there's such love in the hu-man race, To meet all our need with won-drous grace, Firm and
end-less and free, Like the high mount and sea, Our dear Lord need not a hu-man be; In the
dark, He has heard, How I sigh, how I pine, On the
way, He has seen, How I wan - - der in life.

2. In His love to us He has drawn nigh,
Coming to us from His throne on high.
Seeking me without rest,
Thirst and hunger did taste,
On the cross the Lord paid all my debt,
He arose from the grave,
All the sinners He saved,
Joined with me, He filled me with His faith.

3. Love I've found within the human race,
Of all love in heav'n and earth the best,
Firm and endless and free,
Like the high mount and sea,
True and precious, through eternity;
He's with me all my days,
Leading me all the way;
O my Lord, O my love,
"I love You!" 'Tis my prayer.
