2. Day by day,
Our inward parts are being renewed by the Lord;
Every day,
Fresh and rich supply to us He does afford.

3. Here a little,
And there a little, Christ reveals Himself to us;
When we read His word,
We are satisfied and we enjoy Him thus.

4. Morning by morning,
Jehovah He is faithful to awaken us;
He instructs our ears,
With just a word, the weary to sustain we must.

5. From strength to strength,
We're on the highways to enter into our God;
Though Satan opposes,
We are strengthened to lay hold of more of God.

6. Grace upon grace,
The Triune God is processed for us to enjoy;
The law is over,
Now we can partake of His supply through grace.

7. From glory to glory,
We are in the process of being transformed;
Beholding, reflecting,
To God's image with all saints we'll be conformed.
