Chorus

2. Treasure hid in vessels of earth Manifests Your power and transcendence;
 In Your face's light e'er abiding, If nearer Thee, naught more would I desire.
 Pressure, persecutions, and wounds Just bring resurrection life into bloom;
 Though we suffer light trans'ient pain, The eternal weight of glory's gained!
3. God of glory shines, drawing us; Goodbye world, our lives are for God's purpose!
 Precious vessels ready for using, No matter where, as long as it's with Thee.
 We are washed and cleansed by Your word, Unencumbered, holy, transparent, pure;
 Mold us, Lord, conform us to Thee; At Your call, we'd rise up instantly!
4. New Jerusalem is our dream; For her building, steadfast we're pursuing;
 Love outpoured, sweet ointment o'erflowing, Fight boldly for the interests of our God.
 Vital, spread the God-ordained way Till as one the new revival we gain;
 Oh my Lord, my love, quickly come, As You promised, in our generation!
