have His dwell - ing place, That He may have His dwell - ing place.

2. God needs a group of us to turn the age,
To fellowship and consecrate,
To be in oneness — Yes! This is the way,
No pride or boasting, giving Him first place.

3. Our testimony in the church today,
Is the expression of God through man,
Let's be the pillars for His dwelling place,
But don't be passive — trust in His way.
